Spiral-Sliced, Honey Glazed Ham

Our luscious, fully cooked Logan Farms Honey Glazed Hams

are hickory smoked, spiral sliced and baked with a thick and rich honey & spice glaze – a table-ready, gourmet ham that makes any occasion truly special. Logan Farms has one of the leanest (90% fat free), low-salt, smoked hams on the market today! We select only the finest hams, then carefully trim and slowly dry cure them with a special low-salt (30% less salt) recipe. Each ham is then spiral-sliced around the bone to give you ready-to-serve, uniform slices. The finishing touch? – Our own mouth-watering recipe of honey & spices, baked to a hard candy shell over the top of the ham. Sold in half and whole ham sizes, this gourmet ham is best served at room temperature.

Boneless Honey Glazed Ham

Announcing the NEW Boneless Ham exclusive to Logan Farms.

You won't find another boneless ham that compares. The Logan Farms "chiseled boneless" is prepared from our Logan Farms Bone-In ham with the added convenience of no bone in the middle! We actually "chisel" the bone from the center of the ham and then begin the curing and smoking process. The heat from the smoking of the ham actually closes the area where the bone was removed and this ham is a true bone-in ham in every other way! Sliced and honey glazed and ready to serve! Many in our industry sell a re-formed "deli-style" boneless ham which is aptly named because the taste and texture of the meat resembles supermarket deli meat. Logan Farms' special "chisel" and smoking process far surpasses that of deli-style boneless hams and delivers the great taste and texture you expect from a true gourmet meat product. Of course, the Logan Farms Boneless Ham is great for sandwiches, but our gourmet process ensures that it will be the star of your formal dinner party as well. You will always be proud to serve this one-of-a-kind boneless ham, whatever the occasion!
